

Deaf Student DSA Pager Kit - Includes Alarm Clock, Door, Telephone, Smoke & Carbon Monoxide Alerts

Priced at just £465.79* delivered

The System includes a Vibrating Pager, Alarm Clock bedside charger, Vibrating Pillow Pad, Wireless Door Bell, Wireless Telephone Alert, Wireless Smoke Alarm & Wireless Carbon Monoxide Alarm. During the day the Pager is simply worn on the belt, at night it posts into the Alarm Clock Charger. When the bell push is pressed or another alert is activated the Pager will vibrate and light the appropriate symbol. At night the Vibrating Pillow Pad wakes the user when a signal is received or when the alarm clock activates. The System is also fully compatible with the Fire Safe System to alert the user when the main building fire alarm activates.
